Your Correct Choice

# Company Introduction

Established in 1995 with headquarter in Shanghai, YCC operates 7 factories across China and is aggressively expanding worldwide, which makes YCC one of the largest and undoubtedly the fastest growing zipper manufacturers in the world.

YCC has a unique advantage in the market with it leadership team. With a professional global sales and marketing team, and one of China's most successful entrepreneur as Chairman, YCC has a unique balance of Eastern and Western style skills, leading the Company's global growth.

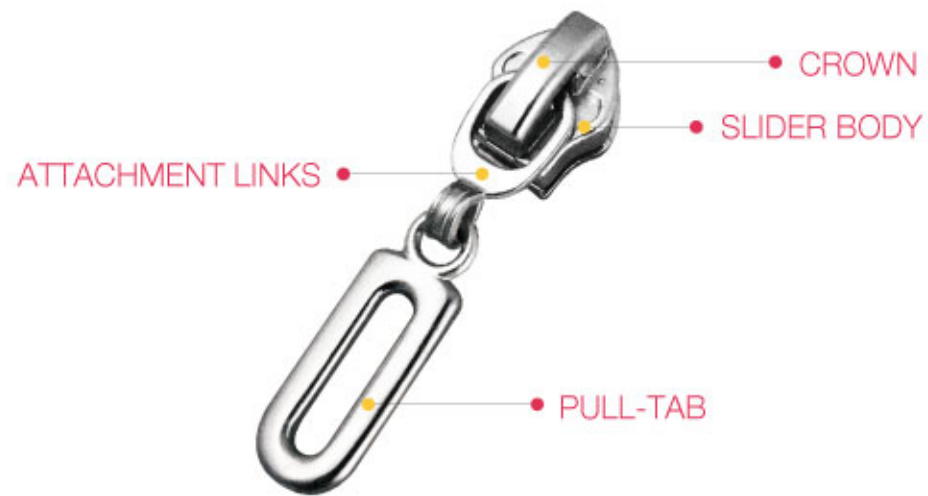

YCC leadership realizes the apparel world needs a quality alternative global supplier of zip fasteners, and is continuing to redefine and lead the industry.

YCC is a modern state-of-the-art manufacturer, using and creating some of the most high-tech manufacturing methods in the industry. YCC is continuing to expand its global presence with sales and support offices around the world, in addition to expanding new manufacturing plants to global markets where apparel is made. YCC is continuing to expand globally to meet it customer's demands, with more several new factories and sales offices opening around the world this year.
